REQUEST FOR CORRECTED PUBLICATION UNDER 37 C.F.R. § 1.221(b)
DUE TO MATERIAL OFFICE MISTAKE

Box PGPUB
Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicants respectfully request a corrected publication of the above-listed application pursuant to 37 C.F.R. § 1.221(b) due to a material mistake made by the Office. In particular, the first page of the published application fails to list 11 applications to which the instant application claims benefit of priority under 35 U.S.C. § 119(e) and § 120. The first page of the published application lists only U.S. Provisional App. No. 60/265,583 (i.e. under "Related U.S. Application Data").

The above mistake is apparent from Office records, as the Official Filing Receipt contains the correct list of 12 priority applications in its entirety. *See*, Filing Receipt mailed July 26, 2001, Confirmation No. 5950. Moreover, the mistake is material, as the missing priority data affects the use of the published application as prior art under 35 U.S.C. § 102(e). In particular, without inclusion of all priority data together on the first page of the published application, an examiner or member of the public would be likely to

mistakenly believe that this is the only application to which the present application claims priority. In fact, however, the present application claims priority to applications which, *inter alia*, were filed almost 4 years prior to the application solely listed as "Related U.S. Application Data." Hence in order to properly assess priority (*e.g.* for § 102(e) purposes), an examiner or member of the public would be required *know* it was necessary to search the remainder of the application for *additional* priority applications not shown in the "Related U.S. Application Data." section; thus nullifying the usefulness of this section on patent application publications. Moreover, since the only listed priority application in the "Related U.S. Application Data" section is not the earliest filed application, its exclusive presence there *gives a false impression* that this application represents the earliest claim to priority for the present application.

Accordingly, Applicants respectfully request that a corrected publication of the above-listed application be made pursuant to 37 C.F.R. § 1.221(b).

No fee is believed due for this submission. In the event that a fee is required in connection with this submission, please charge the required fee to Deposit Account No. 08-3425.

Respectfully submitted,

Date: AUGUST 13, 2002
